Continuation of Disposition of Claims: Claims withdrawn from consideration are 2-13,15-36,39-53,57,60,62-65,68,70,71,73-76,79 and 80.

DETAILED ACTION

Election/Restrictions

1. Claims 2-13, 15-36, 39-53, 57, 60, 62-65, 68, 70, 71, 73-76, 79 and 80 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on December 12, 2005.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 81, 55, 56, 58, 61, 67, 77 and 78 are rejected under 35 U.S.C. 102(b) as being anticipated by Willows et al. (2003/0218035).

Willows discloses a panel **39**, a container **2**, a fastener **44** connected to the panel, whereby the bottom edge of the panel is sewn to the container.

Regarding claims 55 and 77, the panel disclosed by Willows is triangular.

Regarding claims 58 and 67, everything that is visible to the human eye is reflective.

Regarding claim 61, see paragraph 0112.

Allowable Subject Matter

4. Claims 54, 66, 69 and 72 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

5. Applicant's arguments filed September 27, 2006 have been fully considered but they are not persuasive.

Regarding claims 79 and 80, Applicant added the limitation that the panels are removably attached to the container. That is a feature of the non-elected embodiment of Figs. 23 and 24. Therefore, these claims are no longer directed toward the elected embodiment and have been withdrawn from further consideration.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
